

Riding to remember.

WEDNESDAY

August 21st @ 10:00 A.M.

**State House Plaza
Concord, New Hampshire**

Join NIC CEO and former police officer Harry Herington as he rides to the 26th Ride4Cops state capital event, paying tribute to New Hampshire officers killed in the line of duty and supporting their families and survivors.

Government officials, law enforcement and family members of fallen officers will join Herington for this special event.

Each year, between 140 and 160 officers are killed in the line of duty in the US. C.O.P.S. provides counseling, camps, scholarships and other resources to help survivors rebuild their shattered lives. Their efforts prompted Harry to create Ride4Cops to honor and support their efforts and raise awareness of the inherent dangers of law enforcement.
